Background Information on the Funds

As more fully explained in the Registration Statement (No. 811-21906) for the Trust, the Trust is an investment company consisting of separate exchange traded index funds, including the Funds noted above. The Funds in the Trust are an “index fund” and is an open-end management investment company, registered under the Investment Company Act of 1940 (the “1940 Act”).

Each Fund will generally invest in all of the stocks comprising its relevant index in proportion to the stocks’ weightings in such index. However, under various circumstances, it may not be possible or practical to purchase all of the stocks in those weightings and a Fund may instead purchase a sample of stocks in its index in proportions expected by the Investment Adviser (defined below) to replicate generally the performance of the index as a whole.

Claymore Advisors, LLC is the investment adviser for the Funds. Claymore Securities, Inc. is the distributor for the Funds (“Distributor”). The Bank of New York is the custodian and fund accounting and transfer agent for the Funds (“Custodian”).

As described more fully in the Trust’s prospectus (“Prospectus”) and Statement of Additional Information (“SAI”), the Funds will issue and redeem shares on a continuous basis at their net asset value (“NAV”) only in large blocks of 50,000 Shares (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Funds.

Dividends from net investment income, if any, will be distributed to shareholders annually. Net capital gains, if any, will be distributed to shareholders at least annually. Dividends may be declared and paid more frequently. In addition, each Fund intends to distribute at least annually amounts representing the full dividend yield net of expenses on the underlying investment securities as if the Fund owned the underlying investment securities for the entire dividend period.

The Depository Trust Company (“DTC”) serves as securities depository for the Shares, which may be held only in book-entry form; stock certificates will not be issued. DTC, or its nominee, is the record or registered owner of all outstanding Shares.

NAV will be determined as of the close of trading (normally, 4:00 p.m. Eastern Standard Time (“ET”)) on each day that the New York Stock Exchange is open for business (a “Business Day”). The NAV per Share of each Fund is calculated by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares of the Fund outstanding, rounded to the nearest cent. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. In computing each Fund’s NAV, a Fund’s securities holdings traded on a national securities exchange are valued based on their last sale price. NAV will be available from the Distributor and will also be available to National Securities Clearing Corporation (“NSCC”) participants through data made available from NSCC.

The Trust’s registration statement describes the various fees and expenses for the Fund’s shares.

Purchases and Redemptions in Creation Unit Size

ETP Holders are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trusts’ prospectus and Statement of Additional Information, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to discussion in the Trusts' prospectus of principal risks of an investment in the Funds. These include tracking error risk (factors causing a Fund's performance to not match the performance of the underlying index), market trading risk (for example, trading halts, trading above or below net asset value), stock market risk, investment style risk, interest rate risk, investment approach risk, concentration risk, non-diversification risk, issuer-specific risk, management risk, lack of market liquidity, lack of governmental insurance or guarantee, and fiscal policy risk.

Exchange Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Trust subject to the Exchange's existing rules governing the trading of equity securities.

The Shares will be deemed "Eligible Listed Securities," as defined in NYSE Arca Rule 7.55, for purposes of the Intermarket Trading System ("ITS") Plan and therefore will be subject to the trade through provisions of NYSE Arca Rule 7.56, which require that ETP Holders avoid initiating trade-throughs for ITS securities.

Trading Hours

The values of the indexes underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on NYSE Arca in the early, core and late trading sessions or until 8:00 p.m. Eastern Time in accordance with NYSE Arca Rule 7.34(a).

The trading increment for the Fund's Shares will be \$0.01.

Suitability

ETP Holders are reminded of their obligations under NYSE Arca Rule 9.2(a)-(b) whereby the ETP holder shall use due diligence to learn the essential facts relative to every customer prior to trading the Shares or recommending a transaction in the Shares that an investment in the Shares is suitable for the customer. ETP Holders should adopt appropriate procedures for the opening and maintaining of accounts, including the maintaining of records prescribed by any applicable regulatory organization and by the rules and regulations of the Securities and Exchange Commission (the "Commission").

Trading Halts

The Exchange will halt trading in the Shares if (a) the primary market stops trading the Shares because of a regulatory halt similar to a halt based on NYSE Arca Rule 7.12 and/or a halt because dissemination of the intraday indicative value of the Shares and/or the underlying value of

the index has ceased; or (b) the primary market delists the Shares. In addition, the Exchange will also halt trading in the Shares if there is a halt or disruption in the dissemination of the Indicative Fund Value and/or the underlying Index value. Further, the Exchange will halt trading in the Shares in accordance with NYSE Arca Rule 7.12. The Shares will be traded following a trading halt in accordance with NYSE Arca Rule 7.35(f) ("Re-Opening After Trading Halts").

Delivery of a Prospectus

Consistent with the requirements of the Securities Act and the rules thereunder, investors purchasing Shares in the initial public offering and anyone purchasing Shares directly from the Fund (by delivery of the Cash Deposit Amount) must receive a prospectus. In addition, ETP Holders are required to deliver a prospectus to all purchasers of newly-issued Shares (i.e. during the initial public offering). ETP Holders purchasing shares from the Fund for resale to investors will deliver a prospectus to such investors.

Prospectuses may be obtained through the Fund's website at www.claymore.com or from the Distributor at 1-800-345-7999. The prospectus does not contain all of the information set forth in the registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to the registration statement.

In the event that the Funds rely upon an order by the Securities and Exchange Commission ("SEC") exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and makes available a written product description, NYSE Arca Rule 5.2(j)(3) Commentary .01(h) requires that ETP Holders provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust, no later than the time a confirmation of the first transaction in the Shares, is delivered to such purchaser. In addition, ETP Holders shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an ETP Holder to customers or the public making specific reference to the ETF Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of ETF Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

An ETP Holder carrying an omnibus account for a non-ETP Holder is required to inform such non-ETP Holder that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-ETP Holder to make such written description available to its customers on the same terms as are directly applicable to ETP Holders under this rule.

Upon request of a customer, ETP Holders shall also provide a copy of the Prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission ("SEC") has issued letters dated August 17, 2001 and January 3, 2005 ("No-Action Letters") granting exemptive or no-action relief from certain rules under the Securities Exchange Act of 1934 for all exchange-traded funds trading on any registered national securities exchange and meeting certain criteria. The Funds qualify for the relief granted in the No-Action Letters.

Short Sale Rules

Transactions in ETFs will not be subject to "tick" requirements of the short sale rule of the Commission (Rule 10a-1) or the Exchange (Rule 440B). Short orders must be marked SHORT or SHORT EXEMPT. (See paragraph below regarding Rule 200(g) of Regulation SHO.)

Rule 200(g) of Regulation SHO

The SEC Division of Market Regulation has stated that the Division will not recommend enforcement action under Rule 200(g) of Regulation SHO if a broker-dealer marks "short" rather than "short exempt" a short sale effected in the Funds pursuant to the exemptions from the price test of Rule 10a-1 that have been granted, subject to specified conditions, including that a broker-dealer executing exempt short sales will mark such sales as "short" and in no event will such sales be marked "long". (See letter from James A. Brigagliano, Assistant Director, Division of Market Regulation, SEC, to Ira Hammerman, Senior Vice President and General Counsel, Securities Industry Association, dated January 3, 2005.)

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund shares and to (ii) tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption

pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund shares in Creation Unit Aggregations during the continuous offering of shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Fund shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- (1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- (2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- (3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Funds to (1) redeem Fund shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of shares, if made in conformance with the following:

- (i) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or

- (ii) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- (iii) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in shares of the Funds in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the shares of the ETF to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830 (I)(5)(A), (B) or (C). See letter dated November 21, 2005 from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee. The Commission has also taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat shares of the Funds, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund shares and secondary market transactions therein.
