SUBJECT: Closing Rotations on December 29, 2000

Regulatory Information Bulletin RB-00-38, released on December 19, 2000, stated that the closing rotations for equity and index options would be at 10:02 p.m. and 10:15 p.m., respectively. As the Pacific Exchange will close at the normal time of 1:02 p.m. on December 29, 2000, rather than 10:00 a.m. as indicated in the bulletin, closing rotations will run at their normal times.
